

ALL CURRICULUM PROGRAMS

The semester outlines for curricula (Associate Degrees, Certificates, and Diplomas) shown in this catalog are suggested only. The institution reserves the right to arrange teaching and student schedules so as to maximize the use of personnel, plant, equipment, and time. Courses will always be taken in logical or sequential order where appropriate, but not necessarily in the same sequence or order as shown in the catalog. Under extenuating circumstances, course substitutions may be approved to fulfill graduation requirements provided the substitution is appropriate to the student's program and a comparable course is offered. Extenuating circumstances may include academic and/or physical limitations, unresolved scheduling conflicts or the event that a course is no longer offered. The Division Chair and the Associate Vice-President of Student Development must approve requests for course substitution. If course substitution is granted, the Records Office is notified by submitting the course substitution form.

COLLEGE TRANSFER: ASSOCIATE IN ARTS, ASSOCIATE IN FINE ARTS, AND ASSOCIATE IN SCIENCE

The Associate in Arts, Associate in Fine Arts, and the Associate in Science degrees are designed for students interested in transferring to a four-year institution. Additionally, certain other programs, listed in the Associate in Applied Science section of this catalog, also may transfer to four-year schools (see your counselor or faculty advisor for more information). **Pre-major guides are available in the H Building (first and second floors), T Building, Student Development, and at www.surry.edu/Transfer/default.htm.**

*Associate in Fine Arts

Art

**Guides are available in other fine arts areas (Music and Music Education, Drama).
Transfer after one year is generally recommended for these three majors.*

Those students who are not sure what they would like to major in should follow the checksheets on the following pages to complete their Associate's Degree. **College transfer students are encouraged to visit the Admissions Office of the senior institutions they are considering early in the program.**

MINIMUM COURSE REQUIREMENTS (MCR)

All students who plan to enter a four-year university must have met the MCR requirements either in high school or at a community college. **Generally, the continued study of language (beyond English) and a strong math curriculum in college are recommended.**

Completion of MCR Requirements in High School

You have already met the **MCR requirements in high school** if you completed ALL of the following requirements.

1. Completed 4 units of English
2. Completed Algebra I, Algebra II, and Geometry (or a higher math course for which Algebra II is a prerequisite)
3. Completed 3 units of science – one life science, one physical science, and at least one laboratory science
4. Completed 2 units of social sciences – one must have been US History
5. Completed 2 units of the same language other than English.
6. Students who graduated from high school in May of 2006 or after will have to have an additional math class that is more advanced than Algebra II (AP Calculus, AP Statistics, Pre-Calculus--formerly Advanced Math--and Discrete Mathematics, IB Mathematics Level II, Integrated Mathematics IV, Advanced Functions and Modeling (new course).

If you **missed any one** of the high school MCR requirements, you must complete the MCR requirements at a community college. If you are deficient in one area, you are considered to be deficient in all areas.

Completion of MCR Requirements at a Community College

There are three ways to complete the MCR requirements at a community college.

- #1. Complete 6 semester hours of college-level work in **EACH** (a-e) of the following areas (total of 30-32 SHC):
 - a. English (ENG 111 and either ENG 112 or ENG 113)
 - b. Math (two General Education math courses; must have MAT prefix)
 - c. Science (two General Education science courses)
 - d. Social Sciences (two General Education social sciences courses)
 - e. Language other than English (two semesters of the same language)
- #2. Complete the 44 semester hour General Education core of the Associate in Arts or the Associate in Science degrees.
- #3. Complete the Associate in Arts, Associate in Science, or the Associate in Fine Arts degrees. Two semesters of the same language other than English are strongly recommended.

NOTES

1. Students must meet the receiving institution's foreign language and/or health & p.e. requirements, if applicable, prior to or after transfer.
2. 1 SHC of Cooperative Education (+COE) may be included in the AS and AA as an elective.
3. See link below for a complete transfer list from NC Community Colleges to UNC/CAA private college.
http://intranet.northcarolina.edu/docs/assessment/caa/December%202005/132_Transfer_Course_List_11.16.05.pdf

In compliance with the Comprehensive Articulation Agreement, graduates of the Associate in Arts degree program as outlined here will be eligible to transfer to all constituent institutions of the University of North Carolina with junior status if admitted into the institution. To be considered for junior status, graduates must meet the same requirements set for native university students with respect to such things as grade point average and credit hours accumulated. Graduates will normally receive 64 SHC upon admission to a university. Admission to a university does not constitute admission to a particular school or a specific program within the university.

All courses listed on this sheet (except those identified with a +) will transfer to all UNC institutions. These and other courses offered at SCC may transfer to selected public and private colleges and universities. See your SCC advisor and contact an advisor at the college you wish to attend for additional information.

NOTES:

1. Students must meet the receiving institution's foreign language and/or health & p.e. requirements, if applicable, prior to or after transfer.
2. 1 SHC of Cooperative Education (+COE) may be included in the AS and AA as an elective.
3. See link below for a complete transfer list from NC Community Colleges to UNC/CAA private college.
http://intranet.northcarolina.edu/docs/assessment/caa/December%202005/132_Transfer_Course_List_11.16.05.pdf

In compliance with the Comprehensive Articulation Agreement, graduates of the Associate in Science degree program as outlined here will be eligible to transfer to all constituent institutions of the University of North Carolina with junior status if admitted into the institution. To be considered for junior status, graduates must meet the same requirements set for native university students with respect to such things as grade point average and credit hours accumulated. Graduates will normally receive 64 SHC upon admission to a university. Admission to a university does not constitute admission to a particular school or a specific program within the university.

All courses listed on this sheet (except those identified with a +) will transfer to all UNC institutions. These and other courses offered at SCC may transfer to selected public and private colleges and universities. See your SCC advisor and contact an advisor at the college you wish to attend for additional information.

ASSOCIATE IN FINE ARTS (A10200) REQUIREMENTS

65 semester hours

Program/Degree Description:

Upon admission to another public two-year institution or to a public university, a community college student who was enrolled in an associate in fine arts degree program and who satisfactorily completed with a grade of “C” or better all courses that are designated for college transfer (general education, elective, or pre-major) will receive credit for those courses. The receiving institution will determine whether the course will count as general education, major, or elective credit. Because the AFA curriculum standard includes only 28 SHC for general education, AFA students who transfer must meet the general education requirements of the receiving institution.

While this degree is designed to prepare students to meet selective admission criteria for programs such as the Bachelor of Fine Arts, this degree does not guarantee automatic admission into a college or university art program. Many art programs contain a portfolio requirement for certain courses or programs.

NOTE: *This list includes courses that are currently transferrable under the CAA. Under this agreement, students who complete the AA or AS degree or who complete the 44-hour core will, upon acceptance to a university, meet the institution's general education requirements. Students who do not complete the degree or the 44-hour core will receive general education or elective credit for courses at the discretion of the university.*

ASSOCIATE IN GENERAL EDUCATION

The Associate in General Education curriculum is designed for the academic enrichment of students who wish to broaden their education, with emphasis on personal interest, growth and development.

Course work includes study in the areas of fine arts, social and behavioral sciences, natural sciences and mathematics, and English Composition. Opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic use of computers will be provided.

Through these skills, students will have a sound base for lifelong learning. Graduates are prepared for advancements within their field of interests and become better qualified for a wide range of employment opportunities.
