FREE College Tuition for Surry Community College

2019 - 2020
Career and College Promise at Surry Community College

The College Transfer pathways are designed for students who wish to begin a pathway toward a four-year Bachelor of Arts or Bachelor of Science degree. These College Transfer pathways are a structured set of general education courses that, upon successful completion, will transfer to any of the North Carolina public universities.

Career and Technical Education pathways are aligned with the high school career clusters. These pathways are designed for students who plan to earn a two-year associate degree or obtain a diploma or certificate and go directly into an entry level job.

What are the benefits of Career & College Promise? Here are just a few:

**Free Tuition:** CCP students pay no tuition. In 2018-2019, a 3 Semester Hour Credit (SHC) course at Surry Community College costs $254.00, and the same 3 SHC course at one of the NC university system schools costs on average $1,550.

> Textbooks and course fees are a student's responsibility. However, there may be local provisions for them. Students should check with their principal or counselor to verify how these costs are paid.

**Dual Credits:** Students earn both high school and college credit for courses, and for some courses, students earn high school honors credit.

**College Experience:** Students experience college while still living at home with parents who can provide guidance and support.

**Employable Skills:** Students have the opportunity to complete college courses and certifications that provide technical competence for employment.

**Getting Started**

Work with your child's high school counselor to determine eligibility for CCP. Students enrolled in home schools or other non-public high schools should contact:

**Leona Childress**
336-386-3358 or childressl@surry.edu

Career and College Promise eligibility and program requirements are subject to change without notice.
College Transfer Pathway Requirements:

a. Be a high school junior or senior;

b. Have a unweighted GPA of 2.8 on high school courses; OR Demonstrate college readiness on an approved assessment in English, reading and mathematics.

To maintain eligibility for continued enrollment, a student must continue to make progress toward high school graduation and maintain a 2.0 in college coursework after completing two college courses. A student who falls below a 2.0 GPA after completing two college courses will be subject to the college’s policy for Satisfactory Academic Progress.

With approval of the high school principal or his/her designee and the college’s chief academic officer or chief student development administrator, a student may enroll in both a College Transfer pathway program of study and a Career Technical Education program of study.
Career and Technical Education (CTE) Requirements:

- Be a high school junior or senior **AND**

- Have a unweighted GPA of 2.8 or higher **OR**

- Demonstrate college readiness on an approved assessments English, reading and mathematics **OR**

- Recommendation of High School Principal
  Students meeting eligibility by recommendation of the high school principal are **only eligible** to enroll in a CTE pathway **without** UGETC (Universal General Education Component) courses.

- Have received career pathway information outlining program requirements for completion of the certificate or diploma

- Any student enrolling in NAS 101 is required to meet the age requirement of 16.5 years of age

To maintain eligibility for continued enrollment, a student must continue to make progress toward high school graduation and maintain a 2.0 in college coursework after completing two college courses.

A student may concurrently enroll in two CTE programs of study provided the exception has been approved by the college’s chief academic officer or chief student development administrator and the high school principal or designee.

With approval, a student may enroll in both a College Transfer pathway program of study and a Career Technical Education program of study.

*Based on State Board of Education Policy, 1 & 2 semester-hour-courses will not count as high school credit but will count as college credit. CCP students are eligible to enroll in these courses if the course is part of a pathway.*

To be eligible for enrollment in a College Transfer Pathway, students must demonstrate college readiness in English, reading, and mathematics on an approved test or tests. Eligibility may be demonstrated by achieving the required scores on a single test or by combining test scores from any of the approved assessments. For example, a student may combine a 22 on ACT math with a 480 on SAT composite score for evidenced based reading and writing to demonstrate college readiness.
