

# TRANSFER CREDIT

## Accredited Colleges/Universities

Students who transfer to Surry Community College from another accredited college or university will need to furnish official transcripts for evaluation. The college or university must be accredited by an entity recognized by the U. S. Department of Education. These transcripts are evaluated after a student's acceptance to Surry Community College. Only courses that are satisfactorily completed at other accredited institutions and apply to the student's current program of study will be transferred. Grades of "D" or below do not transfer.

Awarded transfer credits are placed on the student's transcript. These transcripts are available in Student Services upon request. Students receiving transfer credit toward an associate degree, diploma, or certificate must complete at least 25 percent of the semester hours in their program of study at Surry Community College in order to complete graduation requirements. These hours may not be earned by proficiency.

## College Tech Prep Articulation

Through the statewide College Tech Prep Articulation agreement among high schools and community colleges and efforts of the SYSTEM (Surry Community College, Yadkin and Surry County Schools, and Elkin and Mt. Airy City Schools), students entering Surry Community College may receive college credit for a number of Career-Technical courses completed in high school. To receive credit, the high school must provide documentation that the student completed the course with a grade of "B" or better and scored at or above the mastery level (Score of 80) on the end-of-course VoCATS test, and the student must enroll in Surry Community College within two years of high school graduation. The current SCC College Tech Prep Articulation Agreement is shown below:

## CRITERIA TO AWARD ARTICULATED COLLEGE CREDIT

The following criteria shall be used to award college credit for courses identified above.

1. Grade of B or higher in the course and
2. A scale score of 93 or higher on the standardized Career and Technical Education (CTE) post-assessment. (\*or 80 or above on the CISCO final exams or pass an industry standard certification.) In order to receive articulated credit, students must enroll at Surry Community College within two years of their high school graduation date.

## HIGH SCHOOL CLASSES STARTED PRIOR TO JUNE 1, 2011, WILL FOLLOW THE FOLLOWING CRITERIA:

1. Grade of B or higher in the course and
2. A raw score of 80 or higher on the standardized Career and Technical Education (CTE) post-assessment. (\*or 80 or above on the CISCO final exams or pass an industry standard certification.) In order to receive articulated credit, students must enroll at Surry Community College within two years of their high school graduation date.

The official high school transcript and all official standardized CTE post-assessment scores shall be required to verify that the criteria has been met to award credit for articulated course work. A community college advanced placement credit form must be attached to the front of the student's official high school transcript. This form is available to high school personnel upon request from Surry Community College. Once SCC receives transcript and form, credit will be awarded and a credit evaluation form will be mailed to the student. Students will receive the appropriate credit hours and a grade of "CR" on their transcripts.

Surry Community College officials shall have responsibility for verifying eligibility and acceptance of the articulated course on the high school transcript for college credit.

## Military Credit

In some cases, transfer credit can be awarded for military training. The student must submit official military transcripts to be evaluated for credit. Only course credit recommended by American Council of Education guides is granted. No credit is given for experiential training or for courses taken at non-accredited schools.

## Advanced Placement (AP) Examination

AP exams are usually taken by high school students enrolled in Advanced Placement classes. Students are responsible for having official AP test scores forwarded to the Surry Community College Admissions Office for transfer credit evaluation.

### College Level Examination Program (CLEP)

College course credit will be granted to students who participate in CLEP Subject Examinations and achieve the minimum passing score as recommended by the American Council on Education (ACE). Students must submit an official CLEP transcript to the Office of Student Services for consideration of granting college credit. Visit <http://clep.collegeboard.org/> for more information on the specific CLEP exams and scores required for course credit at Surry Community College.

## International Transcripts

If transfer credit is desired, the transcripts must be evaluated by an "evaluation service" before transfer credit can be considered. Evaluation from one of these services does not guarantee that SCC will accept the credits. Evaluation services should be members of the National Association of Credential Evaluation Services. For a complete listing of members, visit [www.naces.org](http://www.naces.org).

*NOTE: All transcripts and documents become property of Surry Community College and cannot be returned or re-issued.*
